Two yards of heavy, loosely woven linen with an even square weave are required for cloth and four napkins.

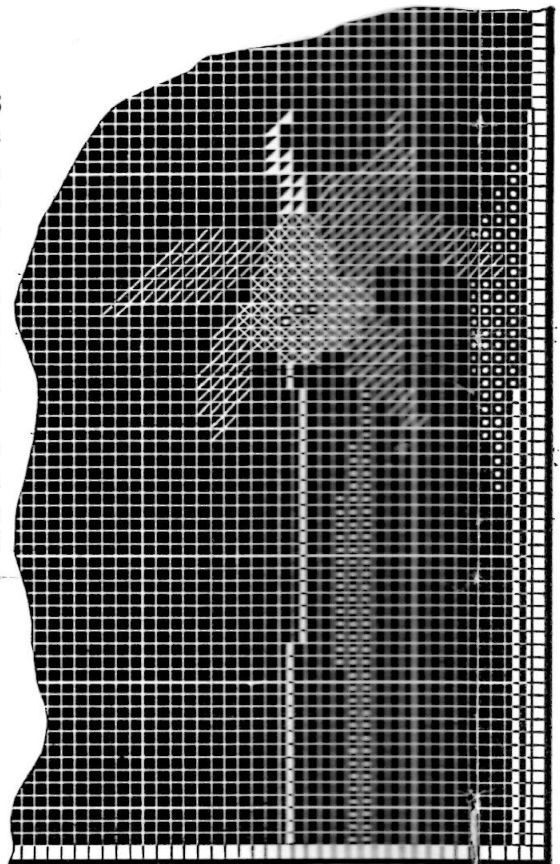

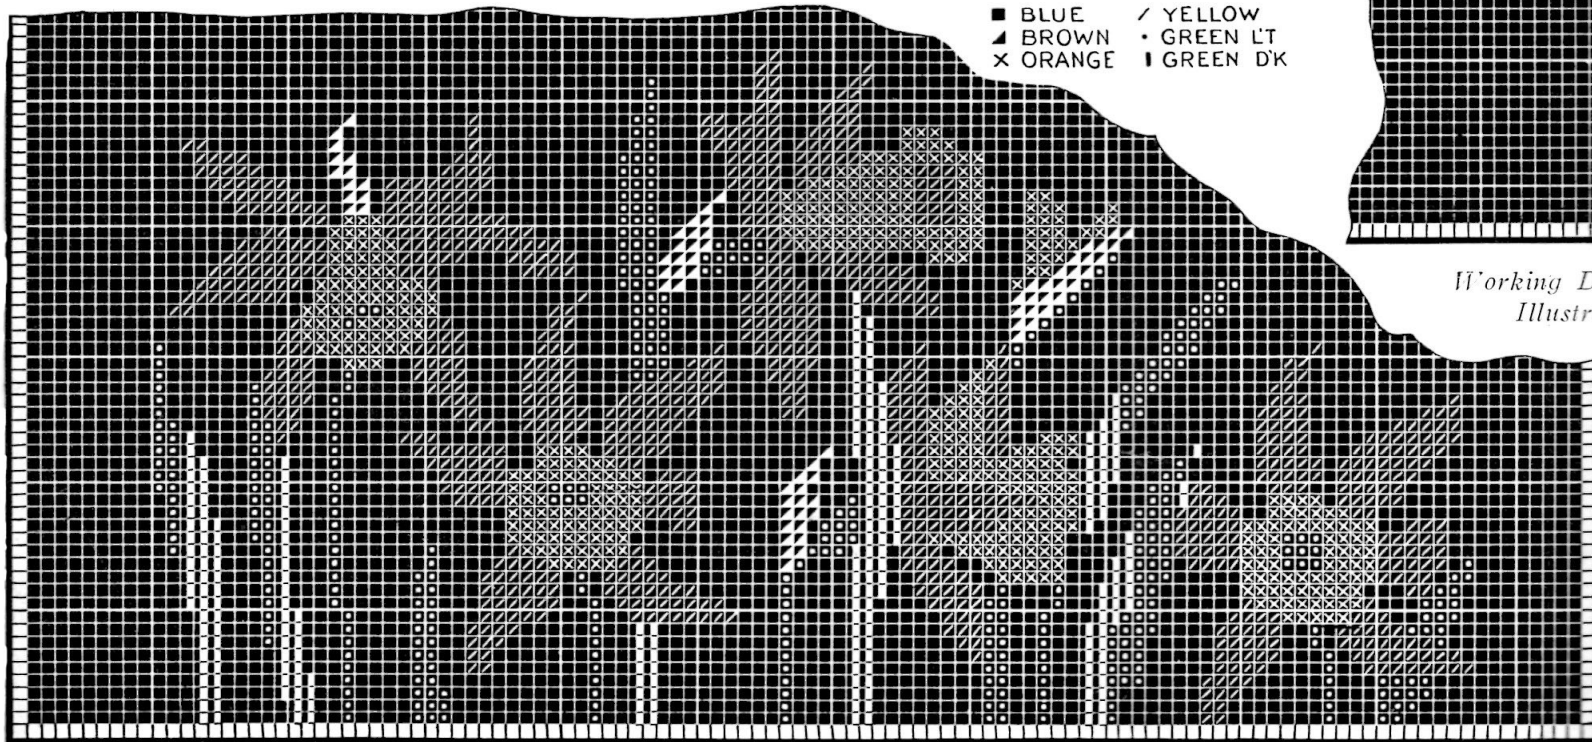

Using two strands of cotton, work cross stitch over two threads of linen following color chart below. To obtain the neatest result on the wrong side, work all the stitches going in one direction before crossing them.

When completed finish cloth with an inch and a quarter hem and the napkins with a quarter-inch hem; both double hemstitched. Two rows of cross stitch just above the hem using shade No. 1035 will make another pretty finish for the tea cloth.
