

Poinsettia in Felt

Make your own Christmas lapel ornament. This poinsettia may be quickly and easily made of felt, wool, cambric or even from red construction paper. Trace all patterns and cut out carefully from desired material. Tack a sliver of felt or fabric through center of each leaf for veining. Arrange small leaves one on each side of large red leaf and tack several places to hold. Put the center pieces in place and tack. Cut a small round circle of felt and sew to back of poinsettia. Fasten a small safety pin at back. It would be very

pretty on a coat, suit or dress. Make several for gifts or as a bazaar item.

Color suggestion: Small leaves light green with dark green veins; large leaf red; the larger center piece light green and the smaller piece red with a light green center flower.
